FOR THE NORTHERN DISTRICT OF CALIFORNIA
SAN FRANCISCO DIVISION

ATARI INTERACTIVE, INC.,

Plaintiff,

v.

REDBUBBLE, INC.,

Defendant.

Case No. 3:18-cv-03451-JST

**DEFENDANT REDBUBBLE, INC.'S
RESPONSES TO PLAINTIFF ATARI,
INC.'S FIRST SET OF
INTERROGATORIES**

PROPOUNDING PARTY: Plaintiff ATARI INTERACTIVE, INC.

RESPONDING PARTY: Defendant REDBUBBLE, INC.

SET NO.: One

Pursuant to Rule 33 of the Federal Rules of Civil Procedure, Defendant Redbubble, Inc. ("Redbubble") hereby serves its responses to Plaintiff Atari Interactive, Inc.'s ("Atari's" or "Plaintiff's") First Set of Interrogatories as follows:

GENERAL OBJECTIONS

The following objections to Definitions (“General Objections”) are continuing in nature and shall apply to each Interrogatory and each and every definition by Plaintiff and are hereby incorporated into each response. Redbubble makes each individual response subject to, and without waiver of, the following General Objections:

1. Redbubble objects to each Interrogatory to the extent that it purports to impose any requirement or discovery obligation on Redbubble other than those set forth in the Federal Rules of Civil Procedure or the Rules of this Court. In particular, Redbubble objects to each Interrogatory to the extent it calls for disclosure of material or information beyond the scope of permissible discovery, seeks document or information not relevant to any party’s claim or defense, and/or is not reasonably calculated to lead to the discovery of admissible evidence.

2. Redbubble objects to each Interrogatory to the extent that it seeks information that is protected from disclosure by the attorney-client privilege, the work product privilege, and/or any other applicable privilege. To the extent that Redbubble discloses any such material to Plaintiff in the course of discovery in this case, subject to the terms and conditions of the terms of any Protective Order Regarding Confidential Information that may be entered in this case, Redbubble does not intend to effectuate a blanket waiver of the attorney-client privilege or work product, but rather a narrow waiver limited to only the information and materials expressly disclosed.

3. Redbubble objects to each Interrogatory to the extent that it seeks confidential business information and/or trade secrets. Provided that such information is relevant to either party’s claims or defenses, Redbubble will only produce such information subject to an appropriate Protective Order Regarding Confidential Information.

4. Redbubble objects to each Interrogatory to the extent it purports to require Redbubble to disclose information in violation of a legal or contractual obligation of nondisclosure to a third party. Redbubble will not disclose such information without either the consent of the relevant third party or an order by the Court compelling production.

5. Redbubble will respond to these Interrogatories with its current knowledge and

1 reserve the right to supplement these responses if it identifies any additional information at a later
2 time and to make any additional objections that may become apparent. Redbubble also reserves
3 the right to make any use of, or introduce at any hearing or at trial, any information not known or
4 thought to be responsive at the time of response.

5 **RESPONSES TO INTERROGATORIES**

6 Redbubble expressly incorporates the above General Objections as though set forth fully in
7 response to each of the following individual interrogatories and, to the extent that they are not
8 raised in any particular response, Redbubble does not waive those objections.

9 **INTERROGATORY NO. 1:**

10 What is the name, address, phone number, and email address of all persons or entities who
11 are or were involved in the manufacture, production, or distribution of PRODUCTS incorporating
12 or sold in conjunction with the MARKS or COPYRIGHTED WORKS?

13 **RESPONSE TO INTERROGATORY NO. 1:**

14 Redbubble objects to this interrogatory as vague and ambiguous. Redbubble also objects to
15 this interrogatory on the grounds that it is overly broad and lacks foundation.

16 Without waiving and subject to its objections, including the General Objections above,
17 Redbubble directs Plaintiff, pursuant to Fed. R. Civ. P. 33(d), to the documents it will produce in
18 response to Request for Production No. 12.

19 **INTERROGATORY NO. 2:**

20 In what month and year did YOU begin advertising or selling PRODUCTS incorporating
21 or sold in conjunction with the MARKS or COPYRIGHTED WORKS?

22 **RESPONSE TO INTERROGATORY NO. 2:**

23 Redbubble objects to this interrogatory as vague and ambiguous. Redbubble further objects
24 to this interrogatory on the grounds that it lacks foundation.

25 Without waiving and subject to its objections, including the General Objections above,
26 Redbubble responds that it has not advertised or sold any products that Atari has identified to
27 Redbubble as potentially infringing its trademarks and/or copyrights. Redbubble further responds
28 that according to Redbubble records, the first date that a product that Atari has identified as

1 potentially infringing its trademarks and/or copyrights was listed or sold by a third-party through
2 the Redbubble marketplace is set forth in Exhibits A and B hereto.

3 **INTERROGATORY NO. 3:**

4 In what month and year did YOU last advertise or sell PRODUCTS incorporating or sold
5 in conjunction with the MARKS or COPYRIGHTED WORKS?

6 **RESPONSE TO INTERROGATORY NO. 3:**

7 Redbubble objects to this interrogatory as vague and ambiguous. Redbubble further objects
8 to this interrogatory on the grounds that it lacks foundation.

9 Without waiving and subject to its objections, including the General Objections above,
10 Redbubble responds that it has not advertised or sold any products that Atari has identified to
11 Redbubble as potentially infringing its trademarks and/or copyrights. Redbubble further responds
12 that according to Redbubble's records, the dates on which each product that Atari has identified as
13 potentially infringing its trademarks and/or copyrights was listed or sold by a third-party through
14 the Redbubble marketplace are set forth in Exhibits A and B hereto.

15 **INTERROGATORY NO. 4:**

16 What are your total revenues, broken down by month, derived from PRODUCTS
17 incorporating or sold in conjunction with the MARKS or COPYRIGHTED WORKS?

18 **RESPONSE TO INTERROGATORY NO. 4:**

19 Redbubble objects to this interrogatory as vague and ambiguous.

20 Without waiving and subject to its objections, including its General Objections above,
21 Redbubble responds that according to Redbubble's records, the service fees derived by Redbubble
22 from the third-party sale of products that Atari has identified to Redbubble as potentially
23 infringing its trademarks and/or copyrights using the Redbubble marketplace are set forth in
24 Exhibits A and B hereto.

25 **INTERROGATORY NO. 5:**

26 How many PRODUCTS incorporating or sold in conjunction with the MARKS or
27 COPYRIGHTED WORKS have you sold, broken down by month?

28

RESPONSE TO INTERROGATORY NO. 5:

Redbubble objects to this interrogatory as vague and ambiguous. Redbubble further objects to this interrogatory on the grounds that it lacks foundation.

Without waiving and subject to its objections, including the General Objections above, Redbubble responds that it has not advertised or sold any products that Atari has identified to Redbubble as potentially infringing its trademarks and/or copyrights. Redbubble responds that according to Redbubble's records, the products that Atari has identified to Redbubble as potentially infringing its trademarks and/or copyrights that third-party sellers have sold using the Redbubble marketplace are set forth in Exhibits A and B hereto.
